Secure & Anchor their Vision through Attention, Love & Inspiration

Our sincere thanks to our friends from Sanyukta Supanth Mayboli Pariwar , for lending a helping hand to Savali Seva Trust's endeavor towards a bright future for unprivileged children mainly from Red Light Area- children who deserve!

We at Savali not only help them in achieving what they aspire to but that they sustain in their pursuits through our continual guidance, motivation and funding. We assure to utilize your donated funds only for the right purpose. Our main aim is to bring more and more children towards higher education. We have 110 children with us out of those 50 children towards higher education doing Engineering, Law, Nursing, BFT, BCS, and Commercial Artist etc. This could happen only because you are with us. Your total 19 members and two unknown member supported savali's 26 children for their better education. We are very much thankful to all of you.

Children are our country's future and wealth. We need to secure them.

Sincerely, thank you.
